

In Wisconsin and across America, basic workers' rights are under attack.
BUT WE HAVE THE POWER TO STOP IT!

STAND

with candidates who
stand with working families!

DIME PAC is labor's political action committee in Washington State. Its mission is to **recruit and elect champions of Washington's working families.** THAT'S how we will defend against attacks on workers' rights and it's how we will put government's focus on **creating and maintaining good jobs.**

Please contribute to keep Washington a great place to live and work!
