

The Seattle-area construction industry is experiencing unprecedented unemployment rates of 35%. But political gridlock is threatening job creation and major investments in our transportation infrastructure.

Our biggest employers need less traffic congestion. The Port of Seattle needs better freight mobility. The public needs safer roads and bridges. And WE NEED JOBS!

On St. Patrick's Day, join the Seattle-King County Building & Construction Trades Council and the M.L. King County Labor Council as we deliver a message to elected officials:

**Give job creation
the green light
NOW!**
